

Canton FFA places first at county Envirothon

photo provided

Mount Pisgah State Park recently hosted the Bradford County Envirothon, facilitated by Dan Rhodes, the Education Coordinator of the Bradford County Conservation District. There were 17 teams present from Athens, Canton, Northeast Bradford, Troy, Sayre, and Wyalusing school districts. The teams tested on Aquatics, Forestry, Soils, Wildlife, and a Current Issue called Renewable Energy for a Sustainable Future. Canton's Bigfoot Assassins #12 placed First with a score of 456 out of 500, out of 17 teams participating. Nature Navigators from Wyalusing placed Second and Northeast Bradford's Team 2 placed Third. The state event happens starting the end of next week when teams get a scenario from the state to prepare a presentation to submit the following week. Then they get virtually interviewed by state representatives. The process culminates going through the same station at the state event where the presentation score will be figured in the hands-on portion. The event is to take place at Camp Mount Luther in Mifflinburg, PA on May 22. The Canton winning team consists of Jonah Gible, Alyssa May, Charleigh Anderson, Lucas Drever, and Savannah Bastian-Brown. Thank you to the community, conservation district, and other station specific entities for supporting such a valuable learning opportunity.
